AFA No. 177

10 May 1990

Subject: Joint Use of a Portion of Land at Senaha Communication Station, FAC 6021

To: Col. William G. Norton  
Commander  
18th Civil Engineering Group

Attn: Mr. Harry M. Okuhama  
Chief, Real Estate Management  
18th Civil Engineering Group

With regard to the subject matter, this office has received a request for joint use of land for a cowshed site from Mr. Tokuei Gibo, the landowner as noted below. Therefore, it is requested that your comment on this matter be given to this office.

1. User:

a. Address: 256, Aza-Senaha, Yomitan-son

b. Name: Mr. Tokuei Gibo

2. Location of use: 1393, Otomibaru, Aza-Senaha, Yomitan-son

3. Area requested for use: 277.50 square meters

4. Purpose of use:

Mr. Tokuei Gibo, the petitioner has been breeding cattle within the his premises, but he is in a situation to relocate his cowshed because a bad smell by excretions discharged from the cowshed has become an environmental sanitation problem and local people complaint about it incessantly.

In order to settle this problem, he had considered various sites for relocation. However, he only has his own land within the facility and area and it is almost impossible to acquire the new land for such a cowshed at local area. Therefore, he requests joint use of a portion of land at the subject facility and area.
